Clinical Experience

General Dental Practice

I have 3 years of experience working in General Dental Practice. I started as a Vocational Trainee with 1 year of experience. This was followed by a further 2 years in several NHS dental practices as associate position. I have also worked in a private general dental practice in a locum position.

Hospital Practice

I have been a Consultant Orthodontist since 2006 undertaking multi-disciplinary cases in Orthognathic Surgery and Hypodontia. I have trained numerous grades of trainees including – DCTs, Post-Graduates, StR (to speciality level), StR (to Consultant level)

Specialist practice

I have worked in speciality practice since 2000. I am director of a predominantly private speciality Orthodontic practice.

Publications

Published 35 peer reviewed scientific/clinical papers.
